

Resurrection School 2022-2023 Supply List and Summer Work 4th Grade

You can purchase scrip (e-gift cards) at www.raiseright.com or through the RaiseRight app for places that sell school supplies (Amazon, Target, Walmart, Office Depot, Office Max, Staples). Your scrip purchases count towards your family fundraising commitment. If you shop in-store at Office Depot or Office Max, mention our school or provide our school ID (70015625) when you check out. If you shop online, enter our school's ID on the Thank You Confirmation page. The school receives 5% back in credits to be used for office supplies from these two stores. Thank you for your support!

- An additional list of required supplies may be given the first week of school.
- You may be asked to replenish supplies during the year.
- ***A student planner will be provided the first day of school.***

Please label ALL supplies. It is helpful to label individual crayons, colored pencils, and markers so that lost or misplaced items find their way back to their owners.

FOURTH GRADE SUMMER READING LIST

Please read at least two or more books this summer. You will be responsible for writing a one-page book report for only two of those books. In addition, each book report must include a title page with the following elements: The title, the authors name, the publisher, the date published, and a hand drawn color picture of a scene from each book. Grammar & spelling and sentence mechanics are really important.

The body of the report should address and identify who the main character(s) are, the setting(s), the problem(s) they face, how they go about resolving that problem, and what the final outcome is. Finally, end your report with a quick note as to whether or not you liked this book and if you would or wouldn't recommend this book to your friends or family.

You will turn in these reports to me at which time you will orally share your books with the class. This will be the first week of school. With the approval of your parents, you may read fiction or nonfiction, or you can pick books from any of these authors:

Carol Ryrie Brink, Angie Thomas, Sarah Campbell, Boa Phi, Matt Christopher, Celia Perez, Beverly Cleary, Connie Schofield-Morrison, Andrew Clements, Danla Peoples-Riley, Sharon Creech, Debie Michiko Florence, Julie Cummins, Fracaswell Hyman, Roald Dahl, JaNay Brown-Wood, Kate DiCamillo, Jason Reynolds, Eleanor Estes, K. Pak, Juana Medina, Sid Fleischman, Monique Gray Smith, John Reynolds Gardiner, Nadia Hohn, Patricia MacLachlan, Quvenzhané Wallis, Sandhya Menon, Sandra Markle, Tomi Adeyemi, George Sheldon, Vashti Harrison, Greg Tang, E.B. White.

Please review the math lessons from your 3rd grade 'Go Math' book, beginning with lesson 1.1 and working forward. Spend at least 10 minutes a day reviewing all the concepts and processes that were taught to you in class. This practice will keep the mathematical side of your brain engaged over the summer. More importantly, KNOW YOUR MATH FACTS! This will enable you to hit the ground running this fall.

I am so looking forward to meeting all of you officially when we return to school in the fall. If you have any questions concerns, please contact me at geoffrey.ward@rescatholicschool.org.

Thanks again and have a great and healthy summer.

Cheers,
Geoffrey Ward MAEd
